**7:30**            **Summary and Next Steps**

- PAT Meeting May 28<sup>th</sup>
- *Next Public Workshop Scheduled for June 25<sup>th</sup>*

*Katie Gray Discussed options for dealing with Community Center programming during 10 month construction period. One option is to maintain some of the activities during construction. This could be difficult if we need to reconfigure some of the existing space. Another option is to close the community center and transfer staff to other locations. This could save needed money as a result of budget cuts. Basketball would be the hardest hit program. A third option is to move some or all of the programs to the High Point Elementary School.*
